Technical Rider (Schools)

Performance Date(s): _____

Performance Start Time(s): _____

Hotel Night(s): _____

Day of Show Schedule:

- Please have performance area wet mopped prior to performer's arrival.
- Arrival & Load-In: 90 minutes prior to performance.
- Length of Performance: 50 Minutes
- Time required to reset between performances: 10 Minute Minimum
- Load-Out: 60 minutes after final performance.

Load-In:

- The venue must be accessible for loading and unloading heavy sound equipment. (A longer walk to an elevator is preferred over any number of stairs.)
- During load-in or set-up performer will need to speak to an individual with knowledge of controlling both house and (if available) stage lighting.

Performance Area:

- A clean, clear, empty stage or performance area with minimum measurements of 20ft wide by 12 ft deep with a 12 ft ceiling clearance.
- Performance area or stage must be off limits to all students while performer is set up.
- During performance audience members must have access to the stage via ramp or stairs.
- Artist requires access to one (1) standard electrical outlet (outlets in stage floor not usable).
- Artist requires one (1) table (6 foot, 8 foot, or card) and one (1) chair backstage.

Travel Needs:

- If parking permits are required please provide one (1) permit for a parking space in close proximity to the loading area.
- Be sure the confirmation has the correct physical address for the performance venue.

Changing Room and Hotel Needs:

- Provide performer with access to a clean, well-lit dressing area. (A private or faculty bathroom is acceptable.)
- If lodging is being provided by presenter please provide a clean, safe Bed & Breakfast or mid-grade hotel. (Non-smoking please!)

If you have questions or concerns please call (978) 838-2451 or email info@scottjameson.com.
